## IN THE CLAIMS

Please cancel Claims 9-16 and 39.

Please amend Claims 1, 17, 18, 36 and 38 as follows:

1. (Amended) A composition for controlled release of a bioactive agent, comprising:

a biodegradable crystallizable polymer;
a biodegradable amorphous polymer;
a biocompatible solvent; and
a bioactive agent.

17. (Amended) The composition of claim 1, wherein the biodegradable amorphous polymer is a polyester.

18. (Amended) The composition of claim 1, wherein the biodegradable amorphous polymer is poly(D,L-lactide)

36. (Amended) A method of administering a bioactive agent, comprising: inserting the composition of claim 27 into an organism.

38. (Amended) A method of making the composition of claim 1, comprising: combining ingredients;

wherein said ingredients comprise a biodegradable crystallizable polymer; a biodegradable amorphous polymer; a biocompatible solvent; and a bioactive agent.
